

ZEGUL ARROW PLAY LV

ABOUT ARROW PLAY LV

The LV is a smaller version of the Zegul Arrow Play MV. It is a sleek and elegant performer with excellent maneuvering and playing capabilities.

The Play LV gives the smaller paddler a tighter fit resulting in high control over the kayak. The hull has a high degree of rocker and a fairly high volume in the bow. The mid-section has a slightly rounded hull profile making it very smooth from edge to edge. This combined with the hard chines makes the Play LV a joy to paddle. The edge is rock solid and the Play LV has a very nice glide through the water.

The most important keywords describing Zegul Play LV is versatility and fit – it fits the smaller or athletically built paddlers of almost all skill levels. It is stable without sacrificing maneuverability and speed.
