

ZEGUL REVAL HV

ABOUT REVAL HV

Reval kayaks are British style kayaks with slightly more volume. Reval series kayaks have superb stability and performance in all sea conditions. Reval kayaks are responsive and really easy to turn. The hull is designed with rocker and upswept bow and stern. The initial stability of the Reval kayaks is a little higher, providing a secure feeling. Reval is a superb sea touring kayak suitable for paddlers who are looking for a nice British style kayak that can handle more challenging sea conditions. The kayak deck is equipped with 1 oval hatch, 1 round hatch (2 oval hatches for the Reval MV), a mini-box in the front and a day-hatch for easier access into the compartments.

Reval HV is the highest volume kayak in the Reval series. Reval HV has a roomy cockpit, which makes it suitable for taller and bigger paddlers. Higher volume also means more room for storage, which makes the Reval HV a perfect kayak for longer trips.

The Reval series kayaks are equipped with a SmartTrack rudder and a retractable skeg. The Reval LV, MV and HV are all available in Zegul A-Core lay-up.
