

TAHE MARINE OCEANSPIRIT PE

ABOUT OCEANSPIRIT PE

The OceanSpirit PE has the highest volume of the Spirit series. It has a soft chines and a V-shape hull which makes it easier to handle in the waves. The OceanSpirit PE is a kayak that does a lot of things well. It is a great kayak for general touring, current play, rolling or even moderate open ocean travel and is an excellent choice for a range of paddler sizes with different skill levels. The deck is equipped with one round, one oval and a round day-hatch in order to easily pack your gear. Our Spirit series is meant for paddlers, who appreciate a quality product that comes at an affordable price. Oceanspirit PE comes with a rudder/skeg combination.

The spirit series are our „go-to“ boats for the paddler who doesn't have an armada to choose from. There is always a trade-off between handling, speed, and stability; our designers had balance in mind for these kayaks. The balance changes with the skill level of the paddler. Keeping this in mind, our designers came up with four progressively advanced kayaks.
