

ZEGUL ARROW NUKA LV PE

ABOUT ARROW NUKA LV PE

The Arrow Nuka LV PE is a low volume PE version of Nuka designed to give a tight fit for smaller and slim paddlers. It is a relatively short kayak but despite its length has a very effortless glide and great acceleration in its own class.

The Nuka LV PE has rounded hull for less resistance and less wet surface making it glide very well through the water. The Arrow Nuka LV PE is a touring kayak and has much practical deck line layout. The rear hatch is oval making it easy to load the kayak on overnight trips. The Nuka has less rocker and more raking bow and stern which increases the waterline when loaded.

FEATURES

Material	PE
PCS	No
Length	505 cm (16'7")
Width	52 cm (20½")
volume	No
Capacity Approx	145 kg (320 lbs)
Cockpit	80 × 41 cm (34½" × 16")
